

AMENDMENTS

Please amend the application as indicated hereafter.

In the Specification

Please substitute the following clean copy paragraph text for the pending paragraph text on page 4, line 9 of the specification:

a' FIG. 1 depicts an example of a top view of a prior art lcmd substrate assembly.

In the Claims

Please substitute the following clean copy text for the pending claims of the same number:

a2

WJF

1. (Once Amended) A method of manufacturing a plurality of liquid crystal micro displays (lcmds), said method comprising:
 - creating a plurality of holes in a substrate, wherein each of the plurality of holes corresponds to one of the plurality of lcmds;
 - causing liquid crystal material to flow through said plurality of holes, and to fill spaces within said plurality of lcmds; and
 - sealing said plurality of holes.
2. (Once Amended) The method of claim 1, further comprising :
 - testing said plurality of lcmds after sealing said plurality of holes.
3. (Once Amended) The method of claim 2, further comprising:
 - separating said plurality of lcmds from each other after testing said plurality of lcmds.
8. (Once Amended) The method of claim 1, wherein said plurality of holes are sealed using a sealant material selected from a group consisting of glue, epoxy, and solder.
